Solar Power Mexico + Storage is the premier industry platform for energy storage solutions in combination with PV in Mexico and Latin America.

With the solar industry entering a dynamic new phase of the solar and storage application and development, this is the perfect opportunity to demonstrate your leadership in front of 5,000 attendees.

WHO’S ALREADY EXHIBITING:

- Growatt New Energy Technology Co., Ltd
- JEMA Energy
- Jiangsu Goodwe Supply Technology Co., Ltd
- Sungrow
- Rolls Battery Manufacturing
- Fronius Mexico
- Ingeteam Power Technology S.A.
- SolarEdge Technologies
- Kilovault
- Siba Fuses
- Enphase Energy

With costs continuing to decline, energy storage deployment is rapidly expanding and is critical to the growth of utility-scale and distributed energy resources like solar. + Storage features a comprehensive educational agenda on the adoption and deployment of energy storage in for the Mexican and Latin American markets.

- Setting the Scene for Energy Storage in Mexico: Deep-Dive into Business Models, Technological Advancements & Investment Opportunities
- Regulatory Framework for Energy Storage
- Strategy for the development of local production chains in the solar and storage industry
- The Effect of “Rapid-Shut-Down” in the Solar Market Success Story: Microgrids in MX
